

JA MONEY 101 for TEENS!

ALL THE THINGS YOU DON'T KNOW (YET)

You can probably recite the quadratic formula but can't balance a checking account, right? Today's teens keenly feel the lack of learning around subjects like budgeting, college loans, taxes, credit scores, and much more.

Some topics we'll cover are: Getting a part-time job, understanding your paycheck, doing your taxes, how credit works, college expenses, filling out a FAFSA, student grants and loans, credit scores, buying a car, renting an apartment, paying bills, investing for your future, stocks, home-buying, 401Ks, etc.

Junior Achievement's proven programs will empower you to own your economic success by learning in a fun, interactive and experiential way! This two-part program is FREE but you must RSVP.

**Annex Community Room, 1st Floor of City
Hall, 120 Malabar Rd, Palm Bay
Oct 29 & Nov 5
9am-12pm**

RSVP to

chodge@jaspacecoast.org
or **321-777-0982**
with name, school, age
